

Reporting Harmful Content

We are committed to maintaining a safe, friendly, and harmful content environment. We want to make it easy for our users to inform us when anything is against our Content Policy in order to facilitate this.

Community members can privately notify our Moderators about any harmful information by following the instructions below.

If you come across any content that violates our rules, report it and avoid interacting with it in any other way. Do not save any content in violation of our rules.

How to Report Harmful Content

- Select the image you wish to report.
- Click on  **Report**, located in the bottom of the information screen.

After clicking Report, a window will appear. Select a reason for reporting on the dropdown menu and provide an explanation for why you are reporting the picture. Please be explicit in your reason for requesting a removal.
